

## The mattress made for adjustable beds

A firm foundation to ease posture change. Suitable for sleepers who move frequently when sleeping.

**Visco Moon.**  
Viscoelastic foam firm and high breathability (open pore) that manages to cause feeling of weightlessness without causing hot.

**Xtra-Cool.**  
Ultimate Exclusive Fabric to keep the sleep surface always cool. The combination of fibers with cooling properties with 3D mesh, allows an optimal breathability to get a cool, dry and hygienic sleep.

**Hidden zipper**  
on detachable cover to ease washing. Cells 3D mesh to keep air flow throughout the other materials and fabrics.
