

## Two firmnesses in a single mattress: Soft and fluffy in winter and firm in summer

Made with classic components by Selltix: natural fillers, support by pocket springs and a plush comfort finish.

A double-sided mattress with all Selltix craftsmanship, hand tufted. A simple durable and elegant model.

**More than 2200 pocketed springs.** A soft Winter side that produces a softer and comfortable firmness.

**Wool and cotton.** Designed with a warm and insulating side for winter (wool) and another fresh and absorbent for the summer (cotton and hemp).

**D-Stress,** fabric knitted with conductive threads to protect against static electricity shocks.
